

MEMO

TO: Residents and families

From: Tina O'Malley RN, ICC

Date: January 27, 2026

COVID-19 Outbreak update:

I would like to provide a quick update going into the weekend.

Resident and staff cases continue, however, at this time symptoms appear to be relatively mild in most cases. Staff continue to monitor all residents for symptoms. Activities have been provided on the home areas and socializing in lounges continues. Residents will continue to receive meal trays with choices being offered each meal. Visits continue to be limited to Essential Caregivers. If you have any individual concerns about your loved one, please reach out to the Nurse in Charge at extension 235.

Date of Onset: January 27, 2026

Number of Cases:

Zone 2 (101-120): ____6____ Resolved: ____0____

Zone 3 (17-32): ____1____ Resolved: ____1____

Zone 4 (1-16): ____4____ Resolved: ____0____

Staff: ____8____ Resolved: ____0____
